主催: 法政大学 IIST(総合理工学インスティチュート)
共催: 法政大学グローバル教育センター

PROGRAM

15:10-15:15 OPENING MESSAGE
Prof. Kazuo Yana, IIST Director

SESSION 1
Chair: Professor Tadashi Uratani
Students majoring System Engineering and Science
(Management Sciences Track)

15:15-15:30 Yanyu Li (Prof. Tadashi Uratani's)
Portfolio insurance strategies under volatile market
15:30-15:45 Yang Cui (Prof. Yoichi Namkamura)
Deep learning based time series analysis applied to predict the GDP and
other indices
15:45-16:00 Ye Li (Prof. Kazuhiro Yasudas)
A study of fictitious play for stochastic optimal control problem

16:00-16:15 INTERMISSION

SESSION 2
Chair: Professor Akihiro Fujii
Students majoring Applied Informatics

1615-16:30 Shafayat Md Hossain (Prof. Akihiro Fujii Fujii)
Data mining from the sotial media bid data
16:30-16:45 Xuefei Zhang (Prof. Akihiro Fujii Fujii)
Natural language processing applied for the quality of review

16:45-16:50 CONCLUDING REMARAKS
Prof. Jinjia Zhou, IIST Co-director
